SEMI-WEEKLY INTERIOR JOURNAL.

VOL. XX. STANFORD, KY., FRIDAY. AUGUST 19. 1892. NO. 50

LIBERTY, CASEY COUNTY.

—Married at this place, on the morning of the 14th, by A. J. Gibony, Mr. James Wilkinson to Miss May J. Napier. Both parties are slightly colored.

—Elder W. A. Gibson preached here on Saturday night and Sunday morning. Notwithstanding he divided his crowd with a lot of Greaser Mexicans, who had two bears and other attvactions on exhibition, he had a large audience—and so did the Mexicans. Bro. Gibson always draws a large crowd at this place.

—On Monday, Harvey Carman, from Knob Lick Creek, was brought before Judge Wm. M. Myers on a writ de lunatico inquirendo. A jury was impaneled and after taking full evidence of his neighbors he was adjudged insane and started to the Anchorage asylum on Tuesday, under charge of Deputy Sheriff Mc. Wheat and his neighbor James Hamilton. He has a wife and a number of children left in unfortunate circumstances. Trouble over an undecided law suit and ill health may be assigned as causes of his unfortunate condition.

—A week or two since in reporting the disorders at a picnic on Carpenter's Creek, we spoke of a father shooting twice at his son. For fear somebody might be wronged on account of the excited condition of those in attendance, we failed no give names. The one charged with the offense called on us the other day and assured us that he was misreported; that there was only one shot fired by his pistol and that was done accidentally in his son aiming to get his pistol from his hand; that he could not be in such condition that he would point a weapon at his noble son, and that he honors his son for even using necessary force in getting him away from the exciting crowd. We make the foregoing corrections with the greatest pleasure. It is frequently difficult, no matter what pains a correspondent takes, to be exact, for him to get the precise facts and it is always a pleasure for us to rectify any mistakes or errors.

—There were also other attractions here Saturday. The colored folks of McKinney, Dunville and other places had an Odd Fellows picnic with a grand march and street parade. While everything was conducted well and in splendid order, it didn't "pan out" much financially. They had a rope stretched around their grounds and an entrance fee of 25 cents was charged at the gate. This was a mistake the blue-grass "niggar" made. They did not know how to reach the purse strings of the Liberty "nigger." The Liberty negro will go to the bottom of his pocket when anything is offered to appease his appetite, either of liquid nature or fine eatables, but the fine clothes and brass buttons of the blue-grass negro are not much attraction to the Liberty negro. Most of the Liberty white fellows went in as dead-heads, some as deputy sheriffs to keep order and others as Mr. John W. Whipp's sons, the entertainment being held on land under his care.

North End Lincoln County.

—Miss Lena Palmer, of Richmond, is visiting Mrs. A. T. Traylor this week. It will be very pleasant news to the many friends of Mr. Lewis Dudderar to know since his three weeks' stay at French Lick Springs, Ind., he is now able to walk about, and is expected home this week, to the delight of all.—Thresher men are badly needed on Logan's Creek, as over 45 stacks of wheat can be counted in the fields of several adjoining farmers and which they are exceedingly anxious to get out.—Mrs. J. A. Dudderar is at McCreary, attending the bedside of her aged father, who remains quite low. Mr. Walter Garner left last week for an extended visit to Denver, Col., Pike's Peak and various points in California. Miss Gooch, of Waynesburg, opened the White Oak school Monday with a good attendance. Miss Annie Parks, of Paint Lick, has been the guest of Mrs. Clara Traylor. Miss Mary Collier, of Louisville, quite an admirable little creature of 10 summers, has been spending a few days with Miss Mattie Elkin, at "Maples."—Corn is completely dried up for want of rain in this section, and even a good rain soon would add but very little to the crop.—Messrs. R. L. Hubble and Charley Withers were chosen as officers in the Rush Branch church, to fill the vacancies caused by the deaths of John and Weed Smith.—Thomas Traylor has returned from the Springfield fair with his excellent horse, Jesse Wilkes. Such a long journey was not beneficial to his show animals, consequently he returned without a "slick" tie.

—Mr. Stephen B. Pennington, who has been in a bad condition for a long time, died Wednesday at 3 o'clock, aged about 48. He was half brother to Squire T. M. Pennington and married Miss Sallie Livingston, who with four children survives him. The remains were interred in the family burying ground yesterday.

This is the proper way to peel tomatoes: Cover them with boiling water half a minute, then lay them in cold water till they are perfectly cold, when the skin can be slipped off without difficulty, leaving the tomatoes unbroken and as firm as before they were scalded.

LANCASTER, GARRARD COUNTY.

—The L. & N. pay car passed up the road Thursday.

—The Lancaster Flouring Mills were sold to Messrs. William Ward and J. C. Rucker, of Paint Lick for $7,000.

—The democrats of Garrard county nominated W. B. Mason for circuit clerk Curtis A. Robinson for sheriff and R. H. Tomlinson for county attorney.

—In the circuit court Wednesday Mrs. Rosa Brown Crow was granted a divorce from her husband, William H. Crow. She was given the custody of her three children and alimony.

—Amoung the visiting attorneys this week were Hon. R. C. Warren, Col. Hill and P. M. McRoberts, of Stanford, Robert Harding, Danville, Judge Denny, Lexington, and Hon. Jerry Sullivan, of Richmond.

—Judge Morrow is presiding over the court with his accustomed ability and dignity. He is closing up the ousiness of the court rapidly and in a manner satisfactory to the litigants and their attorneys. His election in the new district is doubtless assured and the people may congratulate themselves on the selection of so worthy a gentleman and officer.

—W. J. Kinnaird has returned to Middlesboro. Mr. W. S. Frank is visiting his brother, Elder J. C. Frank. Mrs. Hattie R. Woolridge and daughter, Miss Mary, left for Denver, Col., Thursday. Mr. and Mrs. A. H. Rice left Tuesday for Cincinnati, where they will be entertained at the St. James Hotel by Mr. J. D. Truett. From there they go to Paducah, where Mr. Rice will engage in business. Mr. Henry Sandifer has returned to Middlesboro. Messrs. John Anderson, John Farra, Sam Duncan Cabell Denny and Hugh Logan attended the Nicholasville fair Thursday. Miss Sallie Tillett is spending a week in Bryantsville. Mrs. Simpson and Miss Lizzie Thompson are in Danville attending the State convention. Mrs. May Dunn has returned from a visit to Bryantsville. Miss Lena Woods is visiting her sister Miss Carrie Woods. Miss Sallie Anderson has returned from Lake Chautauqua. Mr. Ed Hamilton and wife leave this week for Kansas, their future home.

—Circuit court convened Monday, Judge Morrow presiding. Most all the forenoon was taken up in selecting the juries. The case against Canor Roberts for killing Parks, the sheriff of Madison, was continued by the commonwealth on account of important witnesses being absent. The trial of old man Estis for stretching barbed wires across the Lexington turnpike, was also continued. John R. Jennings, James Francis, Tom Ralston and Ben Guinn were each fined $25 and given 10 days in jail for carrying concealed weapons. Buck King, for furnishing liquor to a minor, was fined $50. Phil Spilman, gambling, was fined $20 and sent to jail for 10 days. Charley Anderson, selling liquor unlawfully, fined $25. The cases against Mag Spencer, Nan Bruce, Nan Anderson and several others of Battle Row fame, who were indicted for vagrancy, were continued until the next term of court. Mrs. Sally Ann Aldridge was granted a divorce from her husband, Josh Aldridge.

—While the managers of the great political parties are giving their time and talents to preparations for battle in November and the members of congress are resting from their labors, and the president is fishing, the great conflict between capital and labor is going on all over the country. Strikes in Tennessee and New York of an alarming character, have followed rapidly upon those in Pennsylvania and Idaho and there seems to be a general uprising of the wage earners in various parts of the nation. It is an easy matter to make light of this and to talk glibly of suppressing it, but it is a serious matter and a problem, the solution of which has puzzled the minds of the ablest men we have. It is one thing to be in favor of law and order and quite a different thing to volunteer to shoot down one

"Who begs a brother of the earth,
To give him leave to toil,"

simply to protect a money shark in the accumulation of his ill gotten gains.

—The committee appointed by the county court to redistrict the county has about completed its work and will submit the same to the court at its next meeting. According to the committee's plan Lancaster will have three voting places, Bryantsville two, Buckeye one and Paint Lick two.

—Richard Croker, who is the leader of Tammany Hall, but not the Boss, as John Kelly was, always means what he says, and he says: "New York is all right for Cleveland and Stevenson. We will take care of that, and nobody outside need worry about it. I think that Mr. Cleveland will also carry Pennsylvania, which is at heart a democratic State, although it has long been humbugged by republican trickery. Homestead will open the eyes of the masses of the people. Tammany has solemnly pledged its cordial, earnest and untiring support to the democratic candidates and that pledge will be kept faithfully. We expect to give them a larger majority than any other presidential candidates for a generation."

WILLIAMSBURG, WHITLEY COUNTY.

—Your correspondent was absent last week, consequently no letter from here.

—The regular union church service was held Sunday night at the Methodist church, Rev. L. E. Tupper, of the Congregational church, doing the preaching.

—Frank Baker shot and killed a man named Logan at Corbin, last Saturday. It is said that a woman was the cause of the trouble.

—A very severe storm passed over the eastern portion of this county on the 4th, doing much damage to fencing and crops. A tree was blown down, killing four of Mrs. Leforce's cows.

—The young people made up a storm party and went over to call on Hon. C. W. Lester, last Tuesday evening, and took possession of his premises. As he is a candidate for Commonwealth's attorney and candidates are public property, he could not refuse them entrance, but soon turned them over to his charming daughter, Miss Gertrude, who succeeded in making all present enjoy themselves to the fullest extent possible.

—The Whitley County Sunday-School Union Convention met at Jellico Aug. 4 and the following were down from this place: D. S. Jones, C. E. Markin, G. S. Sutton, L. E. Tupper, Walker Mason, Misses Carrie Myers and Grace Jones. It was quite a profitable meeting to those present and the following officers were elected: Walker Mason, president; T. E. B. Siler, vice-president; Miss Nannie Faulkner, secretary, and L. D. Denham, treasurer.

—Miss Theo. Hill is visiting Miss Nettie Smith, of London. A few friends gave Miss Carrie Myers a surprise party last Friday night. Mr. E. E. Nelson is visiting at his old home in East Tennessee. Mr. Stevens, who is to be the principal of the Williamsburg Academy this year, arrived last Saturday from Minnesota. Mr. R. S. Crawford was in Louisville last week on business. Misses May and Ann Finley and Nell Freeman are visiting Mrs. Collins, in Madison county. Elder G. S. Sutton is holding a protracted meeting on Whetstone Creek. Walker Mason visited Middlesboro, Pineville, Barbourville and other points on the C. V. road last week in the interest of the Whitley County Fair, which is to be held Sept. 1, 2, and 3. Mr. Smith was here last Tuesday in the interest of the Stanford Ice Co. Mr. E. J. Smith and sister, Miss Emma, of Jellico, spent Sunday in Williamsburg, visiting friends. Mr. J. D. Shotwell, of Rockhold, has moved to Williamsburg and taken charge of the Worley Hotel.

THE GENERAL ASSEMBLY.

—And so the Legislature has recessed. On what plea can the members justify themselves to their constituents?—Newport Journal. Most of them will have to plead the baby act.

—In view of Gov. Brown's wholesale vetoes Auditor Norman has announced that he will not pay one cent of the appropriation for the World's Fair until the constitutionality of the act has been established judicially, because he thinks the bill open to the same objections urged against those vetoed.

—During the eight months' session of the Legislature, Representative Quigley has not been at home a single day and Senator Hoertz has been at the capital but 13 nays. Yet these two servants of the people demand and receive exactly the same compensation. This isn't business, it isn't law and it isn't honest.—Louisville Times.

—Some of the members applauded during the reading of the governor's vetoes, when Speaker Moore sharply reprimanded them for ignorance and incompetency. Dr. Mathers, one of the clappers, remarked that the hands he clapped were the same that he clapped when the speaker was elected, and he showed about as much ignorance in the one as in the other. The speaker said he could not stand such remarks as that and ordered the doctor down.

—The Legislature adjourned till Nov. 15 without making any disposition of the governor's vetoes. In the House 31 members, a majority of those present, voted to sustain the governor while but one voted against it. The others who were opposed to the governor refused to vote, thus breaking a quorum. September 5 was agreed upon by the House as the date for reassembling, but the Senate failed to concur owing to the filibustering of Senators Goebel and Mulligan.

—The members who oppose the governor's vetoes urge that it is not the province of the executive to say whether a bill shall be properly passed or not. The certificates of the clerks and presiding officers of the two Houses are prima facie evidence to him of the fact that the bills have been regularly adopted. In addition, they say that, granting the governor's right to inquire into this question, his rulings on this case would make legislation practically impossible, as any trivial amendment would hang a bill up for an indefinite time.

—Rev. Will C. Barnes gave stereoptican lectures on India at Falmouth on Tuesday and Wednesday nights.

DANVILLE.

—Police court cases Wednesday were Bill Briggs, colored, $6.40; James Williams and Louis Rout, white, $6.20 each; Mary Embry, colored, $41.40; all for breach of the peace.

—Miss Mattie White and Mr. Davis Nailor, both of lower Garrard, were married Wednesday morning at 7 o'clock in the county clerk's office, by Rev. J. S. Kendrick, of the Christian church.

—Mr. Hamilton Headley died at his resinence on the Harrodsburg pike on Tuesday night at 10 o'clock, of heart disease, with which he had been afflicted for several years. He was 66 yerrs old and a native of Fayette county. Twelve years ago he bought the Peter Mason farm and removed to Boyle, and lived here up to the time of his death. He was a quiet and unobtrusive gentleman and a good citizen. The remains were taken to Lexington for burial Thursday morning. Mr. Headley left a widow, but no children. His estate is worth at least $50,000.

—The State Meeting of the Christian Church of Kentucky and the Woman's Board of State Missions has drawn to Danville this week about 250 delegates, who have been hospitally received and entertained by the people of the community generally. The ladies took up the day Tuesday and we learn they conducted their meeting according to strict parliamentary rules and dispatched business very rapidly. A greeting was given them by Miss Hattie Morris, in behalf of the local society, and Mrs. G. W. Yancey, of Cynthiana, responded as president of the board. The State Orgonizer and secretary, Miss Sublett, of Lexington, submitted a report made up largely of interesting statistics. On Wednesday and Thursday the State Meeting proper was in session, with President C. B. Hagerman, of Richmond, in the chair. The time was taken up in hearing reports and listening to speeches on various topics. Free dinners were given by the ladies of the church during each day.

SOMETIME YOU WILL MISS ME.

From Dear Kate's Scrap-Book, and Published in Affectionate Remembrance of Her.

Sometime you will miss me darling!
When the long night shadows fall,
I shall be beyond the starlight,
And I shall not hear you call.
You will wake oftimes at midnight
And will think of one dear head
That your bosom softly pillowed—
Resting now among the dead!

All the precious love you gave me
In the olden, happy time,
You will think of, and will weave it
Deftly into heartfelt rhyme,
You will miss me—it must be so,
But perhaps our God will give
Unto me the power to cheer you
And watch o'er you while you live.

I shall come, if He is willing,
At the lonely midnight hour,
And my presence softly round you
Shall enfold when storm clouds lower;
Shielding you from every evil,
Though you may not see my face,
I will never leave you lonely—
There shall be no vacant place.

All the hopes and aspirations,
All the precious love we've known,
These shall draw our souls together
Round the great Eternal Throne
Do not mourn for me, my darling,
Meekly bear the chastening rod—
Think that I am with you always—
I, who love you next to God.

According to a statement of a French chemist oats contain twice as much mineral principles to form and grow bones of the animal as Indian corn. It is 12 to 14 per cent. richer in protein—that is to say, in matter that makes muscle and other tissues. Besides that, oats contain a principle that has been ignored for a long time, a stimulant similar to that contained in tea, and caffein contained in coffee. The German chemist who discovered this principle calls it avenin, from the Latin word avena—oats. Oats are almost indispensable for the horse, and with regard to all other animals one ought to feed them this grain in preference to all others.

"Doctor, my little boy is in a very critical state, and I am satisfied that Dr. Probe, who is now attending him, doesn't understand the case. I wish you would come right over and see the boy."

"I don't see how I can do it. Probe and I were old friends and in these matters of professional courtesy we have to be mighty careful.

"But, great heavens, man if you don't come the boy may die."

"That's just the point. Suppose I should save the boy. Why, Probe would never forgive me."—Life.

SEMI-WEEKLY INTERIOR JOURNAL

STANFORD, KY., · AUGUST 19, 1892

W. P. WALTON.

AT one fell swoop of his veto hatchet Gov. Brown not only put the seal of his condemnation on the revenue and taxation bill, that the Legislature had been patching up for 8½ months, but also upon the corporation, geological and Goebel bills. It created consternation among the members and liked to have produced a couple of fisticuffs, but they were averted and the body, realizing its impotence, dedided to take the recess it had agreed upon, and folding its tents like the Arab, quietly stole away, to meet the outraged constituents. The chief objection which is given by the governor, along with others at length, is a lack of constitutional majority upon final passage, which if sustained will nullify nearly everything the body has done, at a cost, too, of $250,000 to the people. The governor also objects to the revenue bill because of its auditor's agent feature. He thinks that the fees that have been paid to these agents have been without warrant of law and the question will be tested in the courts. If the governor's views are sustained, then the auditor and his sureties will have to refund $100.000 paid out in such fees. The vetoes are far-reaching in their results and show that Gov. Brown has the courage of his convictions, which seem in these cases as in others to be eminently correct.

WHEN asked by Senators Gorman and Ransom to write an article on that infamous measure, the force bill, Editor Dana, of the New York Sun, excused himself on the ground that his engagements did not admit of his taking the time, but referred the gentlemen to Senator David B. Hill as the best man in all the country to write it. This, of course, is a slap at Mr. Cleveland, as well as the gentlemen who addressed him and the latter deserved no better treatment. The New York Sun, long ago, ceased to be a democratic paper and its editor should not have been given a chance to have shown his unaccountable dislike of the head of the democratic ticket.

SAM JONES, the evangelist, says a great many things that would sound better coming from a clown, but he usually drives centre. In this remark he hits the bull's eye squarely: "Down South they are wild on the sub-treasury bill; want to borrow money for 2 per cent. Why, you fool, you might pay the 2 per cent., but you could not pay the principal. Stay out of debt and then you will have no debt. You fellows are always standing around for something to turn up. These merchants are not going to help you; these politicians won't help you; they are lying to you. You put me in mind of an old hen sitting on a door knob."

THE New York World has started a Western democratic campaign fund and its proprietor, Jos. Pulitzer, heads the list with a contribution of $10,000. Wm. Singerly, of the Philadelphia Record, and numerous others give $1,000 each. The World has been long doing much to educate the people on the tariff question, and has converted many a sinner to the belief that the tariff is not only a tax, but an onerous one.

IN 1888, Grover Cleveland received the higest popular vote ever cast for president, 5,538,421, or 98,444 more than Harrison, and yet he was not elected, because he did not carry enough States. All the indications now are that the will of the majority will count in November and that one of the bravest and best men who has ever occupied the White House will move to it again on March next.

THE Barbourville Herald is getting out an edition of several thousand this week containing a fine picture of Congressman J. H. Wilson and an enumeration of some of the things he has done while in Congress. The Herald is red-hot for its home man as it ought to be. As the 11th is to be represented by a republican, Mr. Wilson is in better shape to do it than a new man.

ALTHOUGH the mob that came for Murphy, at Winchester, made Editor Adams put out his lights and hide behind an imposing stone, while the devil sought shelter inside the press cylinder, he had presence of mind enough to issue a creditable extra telling all about the mob, what Murphy said, &c., for a copy of which we are indebted to him.

GOV. BUCHANAN, who entered as a democratic candidate for re-election to the office of Tennessee's chief executive, and withdrew when he saw he was not in it, has announced himself as an independent candidate for that office. While out making the canvass the people who hung him in effigy for commuting King's sentence, might swing him up in reality.

COL. WILL S. HAYS has sent us a copy of the stirring campaign song, written and composed by him, entitled "Cleveland is the Man." It is said to be a fine production and will wake the boys up. On the title page is a letter from Mr. Cleveland thanking the colonel for a copy of the song and commending it highly. The price is 40 cents.

A TERRIBLE state of anarchy exists in Tennessee, owing to the vacillating course of an incompetent and time serving governor. The miners have taken things in Oliver Springs and capturing the guards, troops and all, shipped the convict miners to Knoxville, after burning the stockades. The troops surrendered like cowards and their arms were taken from them. The miners are now gathering at Coal Creek, about 30 miles below Jellico, and an attack is hourly expected. Gov. Buchanan has ordered two regiments to the scene, but if they are made up of such cattle as the others, it will be useless. Trains are held at the will of the miners and a general state of lawlessness exists. The miners have been sorely wronged, but two wrongs do not make a right and if they persist in their course they will cease to have the sympathy of the public.

THE People's party in North Carolina nominated Col. Skinner for governor by acclamation, but after hearing him speak of the danger of republican supremacy through division of the white vote, they with one accord decided that he wasn't the man for them and throwing him overboard nominated another candidate. Col. Skinner was right. The people's party humbug can do no good for itself and only harm to the democracy in the South.

BRO. BELL, of the Georgetown Times, tells of a woman who in ten years has given birth to four "pair" of twins and says the eight children are all alive and healthy. The old man must have lost his calculator on his California tour. According to ordinary arithmetic four pair of twins would equal 16. Did your woman have a "pair" of twins each time or simply twins?

LOGAN MURPHY killed his father and one or two other men, but when the mob went for him at Winchester his bravado deserted him and he begged like a booby for his life. The average murderer is always a sneaking coward, who only fights when he has the drop. A cringing cur is not more humble than when somebody gets the drop on him.

THE Clark faction and the Hogg faction have split the Texas democratic convention in two and it looks now like two candidates will be nominated for governor. We believe it was Gen. Grant who said the democrats could be always relied upon to do the wrong thing at the right time.

CONGRESSMAN STONE is always bound to get there. He is not only a one-legged Confederate soldier, but a leading Baptist, and has just been re elected moderator of his association, a position which the Courier-Journal says he has held even longer than his seat in Congress.

THE Covington Commonwealth has reduced its price to one cent, just 100 per cent. and increased its worth in the same ratio.

—It is said that the friends of Talton Hall, who has killed a score of men and who is to be hung at Wise, C. H., Va., for one of his murders, are organizing to rescue him and say they will in no event permit him to hang.

—Russia, in spite of its religion, seems to be especially cursed. Added to the horrors of starvation and the cholera, is now a terrible hurricane, that has done great damage and caused and immense loss of life and property.

—Logan Murphy, the 17-year-old Magoffin county boy, who killed his father and a fellow-prisoner in the Montgomery county jail, won't do so any more. A Mt. Sterling mob brought him in from the Winchester jail Monday night and hanged him.

—Treasury notes to the amount of $1,000,000 were presented Monday at the sub-treasury at New York, and gold was paid out on them, for shipment to Germany. It was the first time that so large an amount of the notes was ever presented for redemption.

—John B. James wanted the committee to fix upon a primary election to nominate a candidate for Commonwealth's attorney in the Fayette district and when it named mass conventions instead he withdrew from the race leaving Charley Brontston a walk-over.

—The Lookout Mountain properties, near Chattanooga, were sold under decree of court Tuesday. Lookout Inn, which cost $180,000, brought $83,000, the broad gauge railroad up the mountain, which cost $400,000, sold for $31,000 and $400,000 of stock in the company brought $13,750.

—The six new States which were not members of the Union at the last presidential election, cast 20 electoral votes, as follows: North Dakota, 3; South Dakota, 4; Montana, 3; Idaho, 3; Wyoming, 3; Washington, 4. The republicans count upon all these, but ought surely to be mistaken in at least two of them.

—The strike of the Lehigh Valley switchmen at Buffalo continues to spread. The switchmen of the New York Central at Buffalo have quit work and it looks as if the switchmen on the other roads entering the city will join the movement. The Erie and Lehigh Valley roads had to move freight trains under military protection.

—The republican State league met in Lexington Tuesday and elected L. J. Crawford president and Sam J. Roberts vice-presinent. The resolutions speak in the highest terms of the splendid administration of Gen. Harrison, and in glowing words of the great prosperity of the country under republican rule. They denounce the present Kentucky Legislature for its failure to do anything of interest to the State at large and prophesy the triumphant election of the republican ticket.

MIDDLEBURG, CASEY COUNTY.

—The Teachers' Institute for this county will be held Sept. 5.

—District conference will be held here at the Methodist church, beginning to-morrow, Wednesday.

—Rev. J. N. Bowling preached at the Baptist church Saturday and Sunday. He will be permanent supply until the church secures the services of a regular pastor.

—Mrs. Lucy Benson, wife of William and step-mother of the writer, died at her home near hear on the 7th inst, aged 72 years. Her remains were taken to Poplar Hill for interment.

—There have been two additions to Mt. Xenia meeting since last report. It will be announced Sunday night whether the meeting will continue longer than that time.

MRS. STEPHEN BUSCH was called to Georgetown to attend the funeral of her nephew, Sam Curtis, who was killed by a wagon running over him.

MR. SHACK HUFFMAN, of Hustonville, who is in very bad health, spent several days with his uncle, J. P. Bailey.

FOR some time an ingrowing nail on his big toe has slackened the fast gait our business manager generally goes and has given him great pain. Tuesday he decided to have it dug out by the roots, and Drs. Cook and Penny performed the operation, which has since rendered him hors de combat the delinquents.

THE colored nine of this place went to Somerset and won the morning game, 12 to 10, but lost the evening game 12 to 11. They drove through in a 'bus.

THE K. C. will run a special to Deering Camp Meeting from Rowland next Sunday, at $1.50 for the round-trip. The train starts at 5:25 A. M. and leaves the grounds at 4 P. M.

THE Stanford Male Academy will open Sept. 6 under the charge of Prof. B. F. Johnson, A. M., who comes to us from Missouri highly recommended. See ad. on first page.

SHERIFF COLSON took Joe Henderson, who has been confined in jail here for four months, to Pineville, Wednesday, for trial for one of the numerous murders charged to him.

DISPATCHES to the Cincinnati papers from Lancaster say that the betting there, which is somewhat heavy, is three to one that Judge Saufley will win the nomination for circuit judge to morrow.

THE signal service promised us showers yesterday, but they had not come when this was written. The drouth has become alarming. The corn is cut short and the grass is almost ready to be destroyed by spontaneous combustion.

THE management had to refuse the splendid little actress, Kate Mortimer, three nights next week, owing to the condition of Walton's Opera House, which will not be used until there is not the slightest doubt about its safety.

THE adjusters have not settled with J. B. Foster yet. Mr. C. D. Thompson, of the London, Liverpool & Globe, was up Wednesday, but failed to reach a settlement and he and the adjusters of the other three companies in which Mr. Foster is insured, will meet one day next week to fix up the matter.

LOW RATES.—Col. C. P. Atmore writes that the L. & N. will sell round-trip tickets from Lebanon to London, inclusive, to the G. A. R. encampment at Washington at $14.50, giving choice between the C. & O. and Cumberland Gap routes. Tickets will be on sale Sept. 13-20 and will be good to return Oct. 10.

REV. W. E. ARNOLD proved himself a good Samaritan. A man named Johnson, with four little children, himself looking like a corpse, lay in the Court-House Square Tuesday without money or food. Mr. Arnold's heart was touched by his story, and taking them to a hotel, had them fed. He then raised $11 and sent them on to Guthrie, where they had started, after the death of the mother.

IN last issue a notice that a pin had been found and left at this office for the owner, was published. It proved to be Mrs. W. P. Tate's, but the notice developed the fact that a number of pins have been lost in or near Stanford. J. C. Florence writes from Cumberland Gap that his son, A. B., lost one while here, a lady at the College hoped it was hers and Basil Guest, of Danville, thought it might be his sister's, Mrs. Vass. Such things as these ought to convince the old fogies that advertising pays.

HELD.—John Skidmore, for the killing of his brother, Craig, had his examining trial before Judge Varnon Wednesday and was held in $500 to the circuit court. The evidence was about as we gave it in our last. John seems to have had great provocation, but he was on horseback and could have easily avoided the encounter if he had tried to, which he admitted on the stand. One of the brothers tells us that John had it in for Craig and was glad of the chance to go for him, but he has no idea he intended to kill him. Mr. John M. Reid, to whom John mortgaged his property, went his bail and he was released.

SHOT IN THE FACE.—Just after dinner Wednesday at the Baptist Association at Eubanks, Bee Reynolds, a son of Major Reynolds, of the Waynesburg neighborhood, inflicted a very painful and ugly wound in the left cheek of Estill Gooch, of Eubanks. It seems that the difficulty arose over some imposition on the part of young Reynolds on a young brother of Gooch. When Gooch remarked that he would settle with him, Reynolds presented a 38 Bull Dog and fired at him full in the face, the ball striking the left cheek and ranging downward and lodging in the under jaw. At the fire of the pistol Gooch fell as though he was dead, when Reynolds, with pistol in hand, took to the woods and at last accounts had not been heard from.

YOUR trade solicited. Danks, the jeweler, is located at Carson's store. *

THE engine of 23 broke down going up Wednesday and 24 had to creep through yesterday behind a "hog," which made it an hour late here.

DON'T forget the primary election tomorrow. Let every democrat in the district, and Lincoln county particularly, turn out and express his choice in the races. A full and fair expression will secure us the best men for nominees.

AFTER nightfall a terrible stench arises from the ruins of the livery stable in which the 22 horses were burned, tho' it was thought that all their remains were taken out. There must be some left and the city authorities should see that the disease-breeding stench is removed.

THE commissioners, Messrs. W. O. Hansford, John Bright and J. M. Carter, met with Judge Varnon to settle the magisterial districts yesterday, but they had not agreed at the hour we went to press. They were trying to compromise on five.

THE Teachers' Institute will begin Monday and our citizens can make it pleasant for the visitors and not discommode themselves by showing them attention. These hard-worked and badly-paid people are very appreciative and we hope all the courtesies that can be extended them will be.

CHURCH AFFAIRS.

—There were 22 additions at Elder Martin's meeting at Paris, Sunday night, making 60 in all.

—The Glasgow Times says Rev. J. M. Bruce was elected moderator of the Liberty Association, which met at Dover last week.

—Elder W. R. Lloyd closed a three weeks' meeting at the Newtown Christion church, which was a most successone, there being 67 additions.—Georgetown Times.

—Rev. Robert Rose, the famous mountain minister, preached seven funerals at Hogtown, in Rowan county, Sunday. The congregations were the largest ever assembled in the county.

—Rev. A. S. Doak, of Selma, Ala., preached a sort of a trial sermon to the Presbyterian congregation Wednesday night. Those who heard him say he is mighty good man, but—you can guess the rest.

—Rev. Richard Deering, of Louisville, and the oldest preacher in the Kentucky Conference of the Methodist Episcopal Church, South, died at Chattanooga, where he had gone on a visit to his grand-children.

—Sam Jones said at the Urbana camp meeting that "lawyers can be a power for good, but many of them are pettifoggers, who will do anything for money, and are dirty, contemptible curs, like a wart on the devil's nose. Editors, too, ought to be a power for good, but when you hit some of them you hit a skunk, but if they think they can say any more mean things about me than I can about them, why let 'em pitch in."

—A big entertainment will be given at the court-house in Independence on the 30th for the benefit of Rev. George W. Dunlap, whose long continued sickness has been seriously felt by the community as well as his family. The fact that the dependence of himself and his family is upon his ministerial labors and that his affliction has deprived them of the means of support, has prompted the ladies to make this move in his behalf.

—The Cumberland Presbyterian statistics, which were issued last week, in the General Assembly minutes show a gratifying increase. There is a total membership of 171,609, a gain of 6,137 during the year. Ministers have increased from 1,639 to 1,670; congregations from 2,844 to 2,916. There is a decrease in additions, the number being 14,862, against 17,034 last year. Contributions gained greatly, the total being $794,576, against $705,503 last year.

HUBBLE.

—S. Dunbar's house is finished and it is said to be the best one in the county.

—A protracted meeting will begin at Bright's school-house on the night of Aug. 30.

—Rev. Kendrick Reid, of Indiana, is visiting Wm. Hubble and attending the convention at Danville.

—Henry Cox has rented Wm. Hubble's house on the river and will move to it about the first of next year.

—B. W. Givens bought 75 good stock ewes from Bud Cox at about $3.75. Most all the wheat has been sold here at 70c and the principal part threshed and delivered.

—Some bad boys went into Joe Robinson's melon patch a few nights ago and played havoc with it. It seems that the b. bs. must have broken out in a new place, from what has been done in this community.

—Mr. and Mrs. James Engleman gave Dripping Springs a visit last Sunday. Mrs. Rinda Duncan is up again, after an illness of a few days. Mr. and Mrs. Ed Douglas, of Bradfordsville, are visiting Mr. Joe Swope's family.

—Dr. O'Neal, of Lancaster, and Dr. Dunlap, of Danville, are waiting on Mrs. S. Hubble, who is in a critical condition. Mrs. Catherine Blackerby's oldest daughter, Mrs. Martha Holtzclaw, living in Missouri, is here on a visit.

—Joe Robinson sold his bay gelding to Monte Fox for $80. G. A. Swinebroad bought a 2-year-old mule of J. W. Eubanks for $150. Sam Spoonamore's mare was taken from the stable a few nights ago and ridden all night.

Now Try This.

It will cost you nothing and will surely do you good if you have a cough, cold or any trouble with throat, chest or lungs. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to give relief or money will be paid back. Sufferers from La Grippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottles free at A. R. Penny's drug store. Large size 50 cents and $1.

Specimen Cases.

S. H. Clifford, New Cassell, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve and his leg is sound and well. John Speaker, Catawba, Ohio, had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at A. R. Penny's drug store.

During the epidemic of flux in this county last summer I had hard work to keep a supply of Camberlain's Colic, Cholera and Diarrhœa Remedy on hand. People often came 10 or 12 miles in the night to get a bottle of the remedy. I have been selling patent medicines for the past 10 years and find that it has given better satisfaction in cases of diarrhœa and flux than any other medicine I ever handled.—J. H. Benham, Druggist, Golconda, Pope Co., Ill. Over 500 bottles of this remedy were sold in that county during the epidemic referred to. It was a perfect success and was the only remedy that did cure the worst cases. Dozens of persons there will certify that it saved their lives. In four other epidemics of bowel complaint this remedy has been equally successful. 25 and 50 cent bottles for sale by Dr. M. L. Bourne, Druggist and Optician, Stanford, Ky.

Bucklin's Arnica Salve.

It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by A. R. Penny, Stanford, Ky.

Mr. John Carpenter, of Goodland, Ind., says: "I tried Chamberlain's Colic, Cholera and Diarrhœa Remedy, for diarrhœa and severe cramps and pains in the stomach and bowels with the best results. In the worst cases I never had to give more than three doses to effect a cure. In most cases one dose will do. Besides its other good qualities it is pleasant to take." 25 and 50 cent bottles for sale by Dr. M. L. Bourne, Druggist and Optician, Stanford, Ky.

J. D. JONES,
4-2m O. V. KILEY, Pineville.

H. T. BUSH,
REAL ESTATE AGENT
Stanford, Ky.

I have quite a number of FARMS for sale of the very best Blue Grass Lands in Lincoln county.

These Farms are all well improved and good rich lands, running in size from 50 to 500 Acres. Considering their locality, their richness and fertility of soil, the convenience of turnpikes and railroads that bring markets right to our door, they are cheaper than the Lands of any other county in the State. There is scarcely a Farm in the county over 5 miles from a depot.

The county is checked with turnpikes running in every direction. There is not a public road entering the county seat that is not Macadamized. We have the Knoxville Branch of the L. & N. R. R. dividing the county from East to West and the C. S. R. R. from North to South; the K. C. R. R. from this place to Cincinnati, crossing the C. & O. at Winchester, giving full access to the markets of the whole world. Besides, we have three large Flour Mills in the county that give us a market for all our grain right at home; and the development of the mountain regions of Eastern and South-eastern Kentucky by railroads and the outlet South by railroads has created such a demand for all kinds of cereals and provender that we can scarcely retain enough for home consumption.

The people are prosperous, generous and kind, believing in Christianity and education. There is not a neighborhood in the county but has a good church and school-house.

Stanford, the county seat of Lincoln, is a prosperous little city of about 2,500 inhabitants and is the great doorway from the North and North-east South and from the Northwest to Southeast, and standing as it does gazing right into the bosom of the undeveloped mountains of Southeastern Kentucky backed up by the whole Blue-Grass region of the State with railroads running through it to all points of the compass, makes it naturally one of the best located towns in the South for manufactures and other enterprises of magnitude. Water Works are now being agitated and right about the town about three-fourths of a mile there could be erected Water Works with very little cost that would supply a city of 150,000 inhabitants with the purest and best water in the world. Our little city has been newly rebuilt in the last few years and its business houses and residences will compare with larger cities of greater pretensions. Our merchants and tradesmen are all prosperous and doing well. We have two banks with a capital stock of $400,000 that are prosperous and in a good condition.

We have splendid schools. We have a Female College, a large brick building, with over 100 pupils in attendance and under the principalship of Prof. J. M. Hubbard, is in a flourishing condition. We also have a Seminary that is a good school, with Prof. B. F. Blakeman at its head. We have one of the best Public School buildings in this section of the State, with over 100 pupils in attendance, and with other good private schools, you see our school facilities are excellent.

We have elegant church buildings, representing every denomination, with a full corps of ministers of fine class talent and are doing a better business than any class of men in the city.

I have tried to make this statement as facts, without any exaggeration or coloring, as those who know will bear me out, and those who wish to buy pleasant homes at fair prices and locate among a good people with all the best surroundings, would do well to call and see me before purchasing elsewhere
